

A BUNCH OF KICKS.

The peach-crop is frosted and ruined, I see. It's dead as a mackerel ever could be. Ah, well, it's no more than we ought to expect; The world, as a whole, is teetotally wrecked; The weather's gone wrong, and the market is bad, And I can't hear a song that is other than sad, And misfortune comes on without whisper of warning— And the coffee was cold at my breakfast this morning.

ADJUDGED INSANE

Son of One of the Victims of Lawrence Creek Flood in Ohio Asylum

Ripley Bee.

William T. Boone, a fourteen-year-old youth of Sprigg township, Adams county, Ohio, was adjudged insane last week and taken to the home for Feeble Minded at Columbus.

His mother, brother and sister were swept away and drowned in a freshet in Lawrence Creek, Ky., April 1st, and the rest of the family saved with great difficulty.

Since that tragic happening the boy has been a constant victim of melancholia, resulting as above stated.

The residents of Maysville and Mason county

will vividly recall the terrible rainfall and freshet which caused such damage to this city and the loss of life at Moransburg, when Mrs. Daniel Boone and children were swept to death when their home was washed away in Lawrence Creek. The father, Daniel Boone, and his son, moved to Adams county, Ohio, after the fatality that overtook them.

Lexington Leader: "Friends and relatives of Mr. John H. Hixon are glad to know of his return to Kentucky after an absence of 42 years. Mr. Hixon was formerly of Mason and Fleming counties, but in 1866 left for Chico, California, where he married. His wife and two children died in the last few years, leaving him alone. He decided to return to his brothers and sisters. Mr. Hixon is in his 72d year and is remarkably well preserved. He can either read or write without glasses. He is accompanied by his nieces, Misses Lena and Nancy Cooper, and all are visiting his sister, Mrs. Walker W. Spencer of 460 West Seventh street."

In an interview in which he discussed the opinion of Attorney General Breathitt in regard to the constitutionality of the last Legislature's appropriations for State schools, Jerre A. NEW YORK'S BIG AUCTION SALE.

The largest auction sale in the history of the drygoods trade was held on August 12th, 13th and 14th in New York.

Over 30,000 cases of cotton blankets, canton flannels and cotton domests were disposed of in less than three days' time.

Over 800 buyers representing the largest jobbers in this country packed the auction rooms from early morn until late in the evening. Maysville, as usual, was represented at this sale by Mr. A. L. Merz of Merz Bros., who is now in New York.

Old in Years, But "Young" in Ideas.

As we are writing this we are preparing our windows to exhibit our new line of Fall Suits. If any single novelty in the way of the incoming fall styles is left out of our stock it is our fault, for months ago we had pick and choice of the productions of the very best manufacturers in the country. Now take a glance at our windows, or better still, come in and try on a few garments; you will see the acme of ready-to-wear clothes. We specially invite youngsters who soon will return to their respective Colleges to come in and be shown our "College Brand" Suits. There is a "snap and go" to them that is "fetching" to the utmost degree. Our stock of Trunks represents anything you may need in that line. Probably the young man will want to supply himself with Fall Underwear. We have all kinds. Last, but not the least, Hanan, Douglas and Walkover Shoes. You will want a pair of one of these lines.

Sounds queer doesn't it? If a piece of goods is in a ten-yard length, we cut off two, give you what you ask, and the short end left helps to make the lot of bargains we offer today.

You're glad to be accommodated by just what you want and you're glad again to choose what you like from these short lengths and pay so little.

Bits of two to four yards, a few seven to ten—short pieces from all over the store. Not many silks, a fair collection of white and colored table damasks, but wash goods in lavish assortment; everything is represented, swiss, mull, batiste, gingham, lawn and here and there a bit of linen. Prices? Look above. You know that headline would never have appeared unless facts warranted it.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily; when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Frederick Drosel, 1238 East Second street, Maysville, Ky., says:

"I consider Doan's Kidney Pills a most excellent kidney remedy, and I am only too glad of an opportunity to speak in their behalf. About five years ago I was bothered by kidney trouble. The kidney secretions were attended with much pain during passage and were very irregular in action. Severe pains across the small of my back were of frequent occurrence and at times greatly interfered with my work. A friend advised me to use Doan's Kidney Pills, as he had taken them for a similar trouble with the best of results, and I procured a box at J. J. Wood & Son's Drugstore. I used them strictly according to directions and they afforded me prompt and effective relief."

Government Homesteads And How to Secure Them

From Collier's Weekly, February 1st, 1908.

Wanted: An Opening.

"Where is this place? One who lives in an Eastern city writes this letter, one who is typical, surely, of many in whom adversity lately has caused serious thought about their lot in life:

"Is there any section in these United States to which the many men who are being daily thrown out of employment in the cities may emigrate and begin life again—begin, this time, as their own masters, or in some way that will secure them against being thrown out again at the next panic? The class to which I refer is composed of unmarried young Americans of the intelligent, physically hardy and ambitious type seen so frequently during the good times in Banks and offices—clerks, salesmen and the like, who have saved up from \$500 to \$1,000.

"Obviously there are such places, and there are answers to this man more truthful and cheerful than to lament the passing of Government free homesteads in the West."

Free Homesteads in the West Have Not Yet Passed Away

Fergus county, Montana, contains over 1,000,000 acres of farm land open for homestead entry. In Custer, Yellowstone and Rosebud counties there are several million acres of Government land open for entry. In Butte county, South Dakota, are thousands of acres awaiting homesteaders.

The land is excellent for general or mixed farming, and Uncle Sam gives you a cordial invitation to go out and help yourself to a 160-acre farm. No drawing is necessary; first come, first served. When patented this land is worth from \$10 to \$18 per acre, and will constantly increase in value. The Government fees do not exceed \$42 for homesteading 160 acres.

Since the time when the more adventurous of the early settlers struggled over the Allegheny Mountains there has never been a better opportunity for the ambitious young American than is now offered in the West by the building of this latest transcontinental railway—the Pacific Coast Extension of the Chicago, Milwaukee and St. Paul Railway.

A pamphlet on "Government Homesteads and How to Secure Them" is free for the asking; also, several other publications giving information about this new country of interest to the workman, farmer, orchardist, stockman, merchant, professional man and investor.

SOFTNESS OF SEALSKIN.

To Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Sour Stomach

"I used Cascarets and feel like a new man. I have been a sufferer from dyspepsia and sour stomach for the last two years. I have been taking medicine and other drugs, but could find no relief only for a short time. I will recommend Cascarets to my friends as the only thing for indigestion and sour stomach and to keep the bowels in good condition. They are very nice to eat."

J. JAMES WOOD & SON

Mrs. Katherine Christman, aged 60, living on a farm with her son, Frank, near Eaton, O., was accidentally killed Wednesday morning by a trap-gun she and her son fixed with their own hands.

J. J. McMillan and Marshal Wilson had a little scrap Wednesday forenoon over the cutting of the Market street crossing. Eye-witnesses say that McMillan abused the Marshal and started at him with an open knife in his hand, when the latter struck him over the head with his cane, making the blood flow. Nobody seriously hurt.—Dover News.

Proof is inexhaustible that Lydia E. Pinkham's Vegetable Compound carries women safely through the Change of Life.

Read the letter Mrs. E. Hanson, 304 E. Long St., Columbus, Ohio, writes to Mrs. Pinkham:

"I was passing through the Change of Life, and suffered from nervousness, headaches, and other annoying symptoms. My doctor told me that Lydia E. Pinkham's Vegetable Compound was good for me, and since taking it I feel so much better, and I can again do my own work. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound did for me during this trying period."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
